

# engage

More than just proposals, Engage is an all-in-one, digital listing and closing tool. Place agents can publish to perfection across every touchpoint with their customer, across any stage of the marketing funnel.

Engage connects with Rex and Campaigntrack and finds contacts and properties to pre-populate the bulk of the data needed to send a pre-list or full proposal.

You'll get proposals to customers in record time, right when they're asking for the information.

Engage works anywhere, is 100% responsive and is available worldwide.

Here's how to get started with Engage!

## Logging In

When commencing at Place, you would have received a welcome email from the Engage team that outlined your username details and how to login. If you are having difficulty finding your details, please reach out to [placemarketing@eplace.com.au](mailto:placemarketing@eplace.com.au) who will be able to assist you.

Depending on your workflow, you can launch an Engage proposal from Campaigntrack, or alternatively, you can access Engage directly via their website at [engagedigital.io/](https://engagedigital.io/)

## Training and Resources

One-on-one or group training is available to align with your busy schedule. Engage also have an array of training videos that are embedded into the platform, as well as being accessible on their YouTube channel. To book in a training session with the Engage team or to access Engage's training videos, get in touch with the Corporate Marketing team at [placemarketing@eplace.com.au](mailto:placemarketing@eplace.com.au)

**If you have any queries that you would like to ask the Engage Helpdesk, directly call: 1300 967 082.**

**The support teams can also be contacted via email at: [engage@campaigntrack.com](mailto:engage@campaigntrack.com)**
